

# SAINT HYACINTH BASILICA SCHOOL

*Lighting the way to a brighter future*

March 4, 2015

To Whom it May Concern:

This letter offers my complete support of Ms. Comfort Agboola as she applies for an elementary teaching position. I have had the pleasure to work with Ms. Agboola this past year in my position as Principal of St. Hyacinth Basilica School.

Ms. Agboola has a wonderful rapport with her students and has effectively established relationships with our school families and her colleagues at St. Hyacinth Basilica School. Her ability to connect with her students and her talent at teaching are truly superior. Ms. Agboola has a strong talent to develop and implement creative, hands-on curriculum that reaches each student's learning style and ability. When I have been in Ms. Agboola's room to observe her and the students, I am always impressed as to how well organized her classroom is, how her students are always engaged in learning, and how seamlessly I see differentiated instruction taking place. She empowers her students to succeed and realize their individual goals.

Ms. Agboola has contributed immensely to our school by providing our teachers with instructional support based on her own professional development experiences. Her support conforms with the implementation of the Common Core Standards in Reading and Math as well as the integration of technology into the curriculum. She has been able to use technology in her classroom to provide extra instructional support based on individual student needs. Because of her collaborative nature, Ms. Agboola shares these experiences with her peers so that other students may benefit. In addition to sharing her ideas with colleagues, Ms. Agboola also capitalizes on opportunities to learn from others.

Not only is she able to plan instruction that is engaging and developmentally appropriate, use a variety of assessment strategies to monitor and evaluate student learning, masterfully engage students in classroom discussions, and effectively manage classroom routines and student behavior, but she also is a professional. Ms. Agboola is thoughtful, reflective, and committed to life-long learning and continued development as an educator. She has demonstrated all of these tasks with great initiative and with a positive attitude.

After evaluating her work and observing her performance in the classroom, I feel confident that Ms. Comfort Agboola will make a significant contribution as an elementary educator, and I recommend her without reservation. If I can provide additional information to support Ms. Agboola's application for a position, please contact me through e-mail at [Huzenis@sbcglobal.net](mailto:Huzenis@sbcglobal.net) or by phone.

Sincerely,

A handwritten signature in blue ink that reads "Christine Huzenis". The signature is fluid and cursive.

Christine Huzenis
